

Annual Report

2024 - 25

hamaari SADA
— t r u s t —

The purpose of an education center for remedial classes is to offer extra guidance and tools to students facing academic challenges in specific subjects or skills.

Dear!

Warm greetings from Hamaari Sada Trust!

As we present to you our Annual Report for the year 2024–25, I would like to take this opportunity to share our vision for the future and invite your support in our continued journey of community upliftment and educational empowerment.

Since its inception, Hamaari Sada Trust has remained committed to bridging the educational gaps in underserved communities. With the success of our existing centre—Rising Skill Development Centre (RSDC) in Madanpur Khadar, New Delhi—we are now planning a major expansion to extend our reach and impact.

We are working towards establishing **20 new Remedial Centres** across Delhi NCR and Uttar Pradesh to support children who need academic reinforcement, personal mentoring, and skill-based interventions. These centres will be community-rooted and focused on improving foundational learning outcomes.

Furthermore, understanding the long-term educational needs of our communities, we are also planning the establishment of a Comprehensive **School up to the 12th grade**, which will offer quality education from early years to higher secondary level, especially for those from disadvantaged backgrounds.

Being from the media fraternity, we believe that media literacy and communication skills are essential tools for empowerment. Therefore, we also envision the creation of **a Media Training Institution** that will provide media orientation and advocacy skills to young minds—preparing them not only for careers but also to become informed, expressive, and responsible citizens.

These plans are ambitious, but with your encouragement, support, and collaboration, we are confident that they are achievable. I sincerely invite all well-wishers, donors, institutions, and partners to join us in this mission to empower communities through education, skills, and awareness.

Thank you for being a valued part of our journey.

With warm regards,

Mohd. Irshad Alam

Founder, Hamaari Sada Trust

Introduction

“Shiksha” is the trust’s inaugural project, which aims to provide education to underprivileged and deserving students, school dropouts, and children belonging to low socio-economic backgrounds through remedial education. Trust also makes efforts to enroll neglected children in school and tries to provide the required assistance to save their childhood. Trust follows the holistic approach to educate children, which includes awareness, counselling, necessary items like stationery, and financial support to those who cannot afford school expenses.

Our Vision

Vision of the Trust is to restore the lives of children, women and other vulnerable section through necessary intervention. Trust Visualizes a society in which Education and Health facilities are accessible to every individual.

Mission

Establish, maintain and carry out humanitarian activities for improving the quality of life of the neglected people

The focus areas of the being done at Hamaari Sada Trust are very clear. HST is an endeavour:

- To create self-sustaining employment opportunities for the women and youth
- To promote and encourage the education, welfare, empowerment and the uplift of women and children
- To create a sense of brotherhood, cooperation, mutual harmony amongst the general public
- To work in the field of mediamaking films, documentaries, programmes etc
- To promote the various causes which HST and other organizations are working for

*Hamaari Sada Trust has been operating the 'Auj-e-Falak Shiksha Centre' since 1st October 2022. From April 2025, the Trust has decided to rename it as the **Rising Skill Development Centre (RSDC)**. The centre is located in Madanpur Khadar Extension, near Sarita Vihar, New Delhi.*

149 Students
Enrolled in 2024-25

Class 1st to 12th

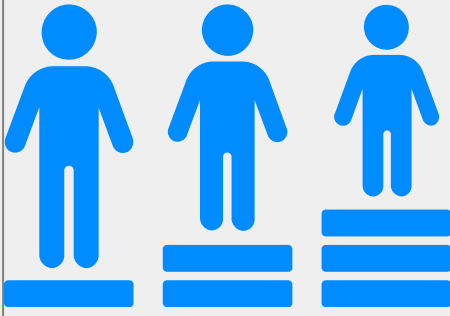

Address Learning Gaps: Many students may fall behind in certain subjects due to various reasons such as learning disabilities, lack of foundational knowledge, or personal challenges. The education center aims to identify and address these gaps to ensure students have a solid understanding of core concepts.

Individualized Support: Each student may have unique learning needs and challenges. The education center provides individualized attention and tailored instruction to help students overcome difficulties and improve their academic performance.

Boost Confidence: Struggling students often experience feelings of frustration and low self-confidence. By offering targeted support and positive reinforcement, the education center helps students regain confidence in their abilities and succeed academically.

Promote Equity in Education: Access to quality education should be equitable for all students, regardless of their academic abilities or socio-economic background. The education center aims to level the playing field by providing extra support to those who need it most, ensuring that every student get the opportunity to succeed.

Support School Success: Improved academic performance in remedial classes can have a positive impact on students' overall school success. By helping students master foundational skills, the education center contributes to their long-term academic achievement and future opportunities.

Hamaari Sada Trust collaborated with the Indian Institute of Natural Resources Management (IINRM) to conduct community mobilization activities. As part of this initiative, street food vendors mobilized by the Trust are currently undergoing skill training and certification under the RPL (Recognition of Prior Learning) component of PMKVY 4.0 at the Hamaari Sada Centre.

Special Classes

Engineer Mohammad Rayyan has generously agreed to dedicate two hours each week to teach math, despite his busy schedule. We believe that the success of society is rooted in education.

Educational Tour

Places: National Bal Bhavan, Children Park, India Gate

The educational tour on December 7, 2024, highlighted the Trust's dedication to nurturing skills beyond academics. Students not only enjoyed the outing but also actively participated in media creation, recording videos during the picnic.

Under the guidance of the trust's founder and staff, students explored the practical aspects of media production, blending learning with creativity and fun.

Computer Classes

Special computer classes for remedial students help them catch up by blending academic support with basic computer skills. These classes use fun, tailored tech like educational apps and games, small groups for personal attention, and trained teachers to close learning gaps. They build confidence and teach skills like typing, using the internet.

Visiting Guests at the Centre

Faisal Shabibi (Al Irfan Residential School, Khuldabad, Maharashtra) emphasized the importance of focusing on education and utilizing their precious time effectively. He shared practical tips on how to enhance memory capacity, empowering students to achieve academic success.

Engineer Adana Shabibi encouraged the students to set clear goals and persistently work towards achieving them. He highlighted that their determination would be key to their success.

PROJECT FIT

Sports are a powerful way to energize and keep individuals physically fit while fostering a sense of teamwork and discipline. The Educational Shiksha Centre, managed by Hamaari Sada Trust in Madanpur Khadar JJ Colony, New Delhi, regularly organizes engaging sports activities and events for children. These activities not only enhance their physical health but also contribute to their overall personal development.

Special Event (शिक्षा से कामयाबी की ओर)

Hamaari Sada Trust hosted 'शिक्षा से कामयाबी की ओर' a special event to recognize and celebrate the achievements of their various program members. Trust honored students who excelled in their classes, applauded 25 women who successfully completed a six-month 'Adult Literacy Course', and cheered on 100 street vendors who completed a food course. Additionally, the trust expressed gratitude towards dedicated students and the invaluable volunteers of the trust. It was a heartfelt gathering to acknowledge the hard work and dedication of these individuals.

Chief Guest
Dr. Syed Farooq
 President, Himalaya Wellness
Co Guest of Honour
Mr. Vinod Kalra
 Founder, Saksham Bharti

Special Guest,
Mr. Asif Azmi
 Writer, filmmaker, Chairman, The Pen Foundation, Director, IDEA Communications and Managing Trustee, Matti Foundation

Mr Sohrab Ali
 Executive, Indian Institute of Natural Resources Management.

Ram Kripal
 Executive, 'Sahyog', a Co-operative Society.

All esteemed guests are cordially welcomed and thanked by Team Hamaari Sada Trust for giving up their important time to inspire students. These credentials stand for their commitment, tenacity, and success in the classroom. We shared in their accomplishments and were a part of their motivational quest for greatness.

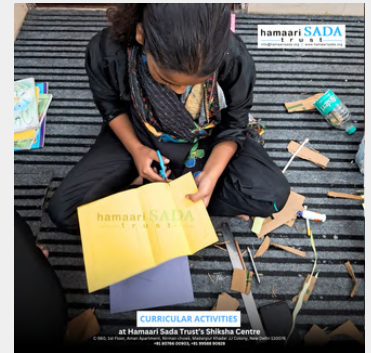

Dignitaries witnessed the gleaming smiles of our accomplished students as they awarded those students for their outstanding achievements.

A Year Full of Celebrations: Glimpses & Moments

Regular Activities

Hamaari Sada Trust's Shiksha Centre offers regular curricular activities for underprivileged children, combining education, arts, and sports to foster their growth. Serving as a community hub, the Centre unites children from various backgrounds, empowering them with skills and confidence. These initiatives make a lasting impact, helping to break the cycle of poverty and unlock their full potential.

Medical Camp

A free eye check-up camp for children aged 0-18 years was successfully held at Hamari Sada Trust's Auj-e-Falak Shiksha Centre Madanpur Khadar JJ Colony on September 14th, 2024, in collaboration with Dr Shroff's Charity Eye Hospital, 5027, Kedarnath Road, Daryaganj, New Delhi.

During the camp, 106 students received much-needed eye care. Some were prescribed medicines, others were advised to wear spectacles (that will be provided free by Dr. Shroff Hospital), and a few critical cases were referred for further free treatment at the main hospital.

IFTAR PARTY

Hamaari Sada Trust was delighted to host a heartwarming Iftar gathering at the Shiksha Centre in Madanpur Khadar JJ Colony. The event was a wonderful opportunity to connect with community students who benefit from our remedial education programs and media advocacy initiatives—empowering them with knowledge and opportunities for a brighter future.

Prominent dignitaries such as former MANNU Vice-Chancellor Khawaja Shahid Sahab, Supreme Court of India Advocate-on-Record Aslam Ahmad, Software Engineer Faizan Ayubi, High Court Lawyer Mohammad Zahid, Jamia Al-Tayyebat Principal Dilsha Azmi, Social Activist Mohd. Ilyas, and Personality Development Expert Ms. Farheen graced the occasion.

Summer Camp

In partnership with Students Islamic Organization (SIO) Delhi Zone, Hamaari Sada Trust hosted a summer camp at Auj-e-Falak Shiksha Centre in Madanpur Khadar JJ Colony, New Delhi, from June 1st to June 4th. 50 local students attended the camp in all.

1st position | IX class | 2023-2024

My name is **Gitika Sharma**, and I am a 9th-grade student. When I first came here, I was impressed to see older students learning computer skills and spoken English. Every Saturday, the staff helps us overcome our fear of public speaking by encouraging us to speak in front of our peers.

A memorable moment was when media representatives visited, possibly with Hamaari Sada Trust, and urged us to speak confidently on camera. We also have access to smartphones and computers for research.

Thanks to these opportunities, I enjoyed my studies and achieved **1st position** in my class. I'm grateful for this amazing learning experience.

2nd position | IX class | 2023-2024

My name is **Mahi**, and I am a 9th-grade student.

Since joining the Hamaari Sada Trust's Auj-e-Falak Shiksha Centre, I've enjoyed activities like discussing current events and delivering speeches, which are shared on the Trust's social media. On August 15, we explored the lives of freedom fighters like Bhagat Singh and learned about lesser-known heroes, enriching our knowledge and improving our school performance.

Our school is now running a voice project. My colleague Gitika and I participated and recently won 1st place! Our peers noticed our improvement, and we credited the valuable lessons from the tuition center: "Always speak the truth" and "Express what's on your mind." This approach has helped us learn and grow.

The Hamaari Sada Trust tuition center has truly transformed our learning journey.

My name is **Babli** and live in Madanpur Khadar. I work as a helper (sahayak) at the Anganwadi in Kanchan Kunj, where I bring children from their homes and distribute food. I decided to pursue my studies to enhance my knowledge and improve my livelihood.

Studying here has been a rewarding experience. I've learned so much and feel empowered to achieve more. I am deeply grateful to Hamaari Sada Trust for providing me with this incredible opportunity.

Mother's Journey: From Illiterate to Home Educator

My name is **Kamlesh** and I came here to study. I like learning here and have gained a lot of knowledge that has helped me a lot because I can now study and teach my kids. Before, I didn't understand what my kids were supposed to do for homework, but now that I'm a student at our school, I can assist them in finishing their assignments. I am also very appreciative of Auj-e-Falak Shiksha Centre because I have learned a lot and now I have a great understanding of kids. Regards

Educating the Daughter of a Daily Wager

My name is **Rani**. When I first came here for tuition, I was scared and had never handled a mic before. Sir encouraged me, helped me overcome my fear, and guided me to speak confidently and connect with other students. Hamaari Sada Trust runs the best center in our area. They even waived my fees, allowing me to study without any financial burden due to my parents being daily wage workers. I am deeply grateful to Hamaari Sada Trust for this incredible opportunity. Without this center, I might not have been able to continue my education. I will always hold immense gratitude for their support.

4th position | IX class | 2023-2024

My name is **Jaynab Bano**, and I am a 9th-grade student. When I joined the Hamaari Sada Trust, I was reticent and lacked confidence. However, my confidence gradually grew through the dedicated studies and activities here, and I began to take a keen interest in my studies. Initially, the idea of anchoring made me very nervous, and I didn't get many opportunities. But with the encouragement and support from trusted teachers, who helped me prepare my script, I gained the confidence to present myself. Today, I can speak confidently in front of thousands of people.

The Hamaari Sada Trust has truly polished my hidden talents. Hearing the experiences of the guests who visit our center has deepened my appreciation for the importance of education. I am immensely grateful to the center for not only enhancing our academic skills but also for providing activities that have given new direction to my confidence.

Thank you, Hamaari Sada Trust, for transforming my journey.

From Fearful Speaker to Fearless Communicator

My name is **Gulafsha** & 10th class student. I didn't know anyone when I first arrived at tuition on May 9, 2023, and I was a little nervous to talk to anyone. When I realized that Saturday activities were going to begin for the first time, Sir called me up in front of the entire student body for an introduction. After that, I gained the confidence to talk.

This has greatly contributed to my career, so I speak a lot now and feel like I've changed a lot. I can express myself to everyone and learn English & Math at the center, where I was weak in both subjects before, but I've greatly improved. The Hamaari Sada Trust's center in our community has made this possible.
